Just a note of clarification. If the Star Ledger publishes the notice on 7/22 announcing the start of the comment period is 7/22 and then we decide to change the comment period, we have to immediately republish a new notice in the paper. We can't wait for someone to request an extension.

This is not to discourage publishing on 7/22 but just to clarify we would have to publish another ad with the corrected dates immediately.

Hi Everyone,

As you may know we had a conversation today with PPG regarding timeline for finalizing the FS. PPG did not give a definitive response but we believe we are okay for moving forward with the publication of the proposed plan and starting the comment period on the 7/22. We will have a better idea of the timeline on Friday. For now lets move forward with the star ledger (after we approve the text) since that needs to go out today. Everything else lets push back to Monday, if possible. If we do end up pushing the start date back we will publish a correction with the notice of comment period extension, since the CAG already mentioned an extension.

Let me know if you have any questions or if there is a conflict that I am not aware of.

Thanks!

Josh

Just so we are clear - the "drop dead date" for the ad to run in the Star Ledger on 7/22 is tomorrow morning before noon at the very latest. After that, we miss the deadline for printing on the 22nd. They really want the ad today by COB if at all possible.

Thanks, Ann. We just need one copy sent to me, and one if you guys want a tear sheet.
I think we should go for it.

We should know either today or tomorrow the confirmed dates so hopefully we will have the ad ready for them by 7/20.

Thanks.

No problem, wouldn't do a thing until I get the final final OK from you. I just spoke with El Diario, the largest Spanish daily paper in the US. They can print the display ad on 7/22 - we have to get the ad to them the morning of Monday, 7/20 at the latest, and I already have the size for Paul when he does the Pdf of the Spanish ad. It is expensive, but right now it looks like this is the only option that would run the Spanish ad in the time frame we need. All the others are weekly papers on skeleton staffs and require more lead time to get it in for next weeks' publication.

One more thing - how many tear sheets of each ad do you want? Should I have them mail the tear sheets directly to you or to Josh? Thanks much. Chat with you at 1 (if that still works for you). Should I use the 917-704-3898 number? Thanks again.

Hi Ann and AmyMarie,

I'm sure you've already spoken to Josh, but we'll need to hold off on finalizing and releasing the public notice and flyer until the public comment dates are confirmed. Will send an updated version of both as soon as I hear.

Thanks
