Yep, that is a good reminder. I will make sure to send out a new link after I address HQ comments.

FYI: I indicated to Chloe that we may use OneDrive to share the revised PRAP, and she's ok with that. So whatever works best for you.

Totally. However, you want to handle it. Thanks!

Chloe: We're planning on posting the revised PRAP for Riverside on a OneDrive site so that you and ORC and review it and add any last minute comments. That way, the other reviewers can see it, and Josh can more easily manage the edits.

Is that ok?

Subject: Concurrence email on proposed plans

Hi everyone. I know you're all busy working away at your proposed plans. Thank you! Things are definitely tight this year. Tighter than usual in fact and I know it is stressful. But, that's ok, we'll get through it!

As you probably know there is no official concurrence process for proposed plans, mostly because we're usually under the gun to get them out. With the tight timeframes though, sometimes reviewers don't get to see the final product before it is released. To help communication, it would be great if, as the proposed plan nearing finalization, it could be sent around by email to all the reviewers (SC/BC, attorney, risk assessors, hydro, CIC…me) one last time as an FYI. That way, everyone is on the same page with what the plan says, the comment period and the date of the public meeting.

Hopefully, that process works for folks. Thank you and let me know if you have any questions!
