Subject: RE: Proposed plan publication tomorrow

Yep. I'm editing it now. Also, it doesn't appear as though Shereen's edits were saved, so we're following up on this.

FYI: This is a terribly difficult system to work in. There's no way to send it back to someone or to edit out of sequence. UGH!!!! ☹ (ok, I'm done ranting)

Hi Michael,

Thank you for checking on this so quickly. ☺

I resent the CEF routed to you. Also, here is the link just in case you don't get the automated email.

I haven't received a link to approve the CEF. Can someone please resend it?

Hi Josh,

Yes, we are still planning to publish the Administrative Record for this site in the morning in coordination with the Press Release. Thank you for sharing all the documents with the Records Center staff and myself in OneDrive. Some of these documents take quite a while to process (such as Appendix F to the SCSR Addendum). Fingers crossed.

The Site Profile Page needs to be updated with all current content information in the sections other than the Announcements and Key Topics.

I see you made some edits/updates to the CEF for this site and Shereen Kandil has already reviewed. Any updates/edits will need to be approved by your section chief before they can be published. It looks like Diann routed this CEF to Michael Sivak yesterday, but if you could work with Michael to see if he can review and approve this CEF, that would be great!!

Since the Public Comment Period starts tomorrow, this Content needs to be updated, reviewed, approved by section chief, and published today so that the Announcements and Key Topics section can be updated with the direct link to the Proposed Plan, Public Comment Period, and Public Meeting Information and published in the morning.

Here is a link to the Content Entry Form for the Riverside Industrial Park site: Riverside Industrial Park site

Subject: Proposed plan publication tomorrow

Hi Melinda,

I just wanted to touch base again and let you know that we plan on publishing the proposed plan for Riverside tomorrow 7/22. Let me know if there is anything else I need to do. I think I sent everything that needs to be uploaded into SEMS and Admin record (AR collection AR66414 – Riverside Industrial Park site) in emails yesterday and today. Hopefully, those can get in on time. Let me know if you have any concerns.

Thanks again for bearing with me. Its been a little crazy trying to get everything in order up to this point.

Josh
