I was confused by that as well. Corbin's version does not include Darcy's and Suzanne's comments/changes. I will give him a call and get back to you on that.

Hi Darcy: it appears the version I was working from Friday morning capturing my/everyone's latest comments, etc. is not the version that Corbin was working from when he sent his comments to everyone Friday afternoon.

Sarah/Valois: could you check the versions you have access to as well?

Thanks,

Douglas

Hi Kimi – attached, please find comments from me and Suzanne. I think a discussion on next steps on this document is warranted.

Thanks!

Hi Darcy,
A largely cleaned-up version of the revised draft EJ analysis is attached for your review. A few remaining items are flagged in the comment section. Please note the EJ program's new draft conclusion paragraph at 7.7.

Hi all – I completed my review f the EJ analysis and didn't have any substantive comments. I did respond to a couple of questions in comment bubbles in the attached version with my perspective.

Given we have a hard **deadline of 8/26** for signature of the revised draft permits, we need to get the updated **EJ analysis to Darcy by Monday 8/12** for her review next week. I know the EJ team is still determining their findings and conclusions (at least as of this version from Kimi). Please let me know what the status of that effort is and when this document will be complete.

Thanks,
Sarah
