Subject:	16-SOL-16 15 day report
Date:	Monday, April 25, 2016 3:54:53 PM
Attachments:	16-SOL-16 15-day report.pdf

Complaint was received from Mr. Rick Schubert, a bee owner and breeder. He had found a massive bee kill at his hives at 8307 Quail Canyon Drive in Vacaville on 3/22/2016. He states that he lost queens, drones and worker bees and a Report of Loss was issued to the Solano CAC for the loss of his bees. Bees were collected by the Solano CAC and submitted to the lab for analysis on 3/25/16. Pesticide use reports showed that there were no reported pesticide applications that occurred during the time frame when the incident occurred. Investigation is still active and lab samples are pending analysis.
