On April 11, 2017 at approximately 10:02 a.m., a 13 year old male ingested approximately a quarter cup of bleach in an attempted suicide. School nurse contacted California Poison Control Center stating that male had stopped vomiting and appeared to be recovering. He has a history of depression and is on medication. On April 11, 2017 Yolo County Agricultural Commissioner's Office received notification for attempted suicide from California Poison Control Center.
