Subject: Final Draft Communications Strategy for Dewey Burdock
Importance: High

Suzanne: thank you for your comments on the previous version of this document. I have attached two updated versions that incorporate your comments: one showing the most recent revisions made and a second clean version reflecting the same revisions. We also decided that making reference to the attached figure showing a stratigraphic cross section would help facilitate effective use of this Communications Strategy.

Absent any further input, we plan to distribute the clean final draft version more widely within the Region and to OGWDW tomorrow.

Thanks,

Douglas
