Thanks Douglas.

I'll have a quick look at the document and will coordinate with Bill to see if he has any questions about the talking points. In the interim, I will also check with Bill on our process/strategy for briefing this up prior to the RA's pre-brief. Historically our pre-briefs occur in a stepwise progression (BC, DD, OD) but because Jennifer has familiarity with this from the previous briefing and with the fast approaching deadline --I'm hopeful that we can combine the steps.

As a side, I took a quick peak at Bill, Jennifer's and Anita's schedules over the next 3 weeks. Thanks to the pandemic it doesn't look like anyone is out on vacation and/or travel during those weeks and there are definitely windows of time throughout that look like opportunities to me. So that is some good news for now.

Thanks for the heads up on Leslie.

I'll touch base as soon as I hear from Bill.

Thanks,
Sue

Thanks Suzanne: in order to schedule a pre-brief with your management and our RA in preparation for the EPA/NRC call, it would be help to know *how soon your leadership can be briefed*. Once we have this timeframe, we can then schedule the RA's pre-brief later this month and determine who should be on this call from OW, ORIA, OGC/ORC and Region 8.

Ex. 5 Deliberative Process (DP)

Concurrently, we provided the attached information to Lucita in ORC to pass on to Leslie who I understand will also be briefing her management in OGC. You may wish to contact Leslie about this as well to ensure timely coordination.

I have also reached out to my NRC counterpart, Bill VonTill, and should hear back from him next week on when NRC leadership will be available for the call with our RA and OW leadership.

Douglas,
Bill notified me that instead of Valois that we should be working directly with you on the pre-brief materials. This is the email that I sent to Valois (per Bill's earlier direction). She responded with the response to comment document so far. Please let me know if we can do anything from our end to support you (HQ scheduling etc). We plan to utilize your pre-brief materials for our management to the extent possible.

Hope you are doing well.

Thanks,
Sue

Hi Valois,
Bill tasked us (Terrell and myself) with supporting HQ side of the pre-brief for management on Dewey Burdock and suggested we reach out to you on the pre-brief materials.

We have the fact sheet from February, but we wanted to check to see if there are new materials that could bring our management up to speed and help explain what we expect their role to be during the ultimate meeting (for example: listen, decision, verbal agreement etc). Let us know.

Hope you are doing well.

Thanks,
Sue

Good morning Sue and Terrell,

I talked with Douglas last week about Dewey Burdock.

During that conversion we touched on the that Region 8's RA would like to have a conversion with his counterpart in NRC. They would also like OWs participation in this conversion. So we will need to work towards putting together a material for a pre-brief. It is my understanding that we are working towards a pre-brief later this month. Can you work with Valois Robinson on the materials needed for the pre-brief? We will need to work on having a good sense of the material for this conversion because we will also need to be briefing up our chain in advance of the pre-brief with Region 8's RA.

Cheers
Bill

We can work from this to start drafting talking points for our RA as part of a OW/OGWDW/OGC/R8/ORC pre-briefing later this month.
