Got it. If you could be the contact for the week of June 5, that'd be terrific. Once I find a point of contact for the week of Memorial day, perhaps we can all talk then. Thanks!

I actually am going to be out the week of Memorial day also. I'll be back in the 5th though, so I'm happy to be the contact that week. We can talk more next week.

Thanks Lucita! I'll likely have questions so thanks for offering to chat further.

Please let me know what you think and if you have the capacity to take this issue on in case anything arises while I am on leave. If not, I completely understand and will see if others in the office might be available. If you are available, maybe we could meet sometime next week to further discuss?

Thanks so much in advance!
Mai

Hey Mai – I was on the UMTRCA workgroup, so let me know if you have questions about it. These revisions are specific to ISR (think DB type mining) and not mills though. - Lucita

Info regarding White Mesa Mill license and permit renewals from the state of Utah. The public comment period has not yet started, but the state extended an early courtesy to the Tribe for comments/discussion. I haven't had a chance to go through the documents yet, but it is on my to-do list for next week.

Scott and Colin,

The public comment period for the White Mesa Mill Radioactive Material License and Ground Water Discharge Permit will begin on May 1, 2017 and close on June 30, 2017. We wanted to provide the Ute Mountain Ute Tribe the opportunity to meet and discuss the documents going out for comment before the public comment period begins.

The documents attached to this email include the following:

1. Public Notice - Public Hearing will be held June 8, 2017 and Public Meeting June 15, 2017.

2. Draft Permit Renewal - Redline/Strikeout

3. Draft Permit Renewal Statement of Basis

4. Public Participation Summary for the 2011 License Renewal Public Comment Period

5. Draft License Renewal - Redline

6. 2016 Technical Evaluation and Env. Assessment (TEEA)

7. TEEA Attachment A - Mildos Assessment

8. Safety Evaluation Report - SFC Alternate Feed Material

Reclamation Plan 5.1 is also going out for public comment and is found on our website at the following link: https://deq.utah.gov/businesses/E/energyfuels/projects/reclamation-plan.htm

If you would like to meet or have a conference call to discuss the documents we are available to meet most days up to and including April 28, 2017.

If you have any questions please let me know.

Sincerely,

Phil Goble
