Hi Elyana,
If someone else might be taking the lead on the Dewey Burdock ESA analysis, it would be good if they could join us on this initial call next week with FWS. A lot of the ESA work is now being done by our media attorneys as the lead – and I'm available to work with them – so quite a few people in our office are pretty familiar with ESA compliance.
Thanks, Kimi

Thanks Kimi: I somehow missed that Terry is in Pierre (and Scott is in R City), so hopefully the invite I just sent for 8:30 am still works for you. I am adding Scott at Terry's request.

How does 10:30 am MT on Wednesday, December 12th work for everyone?

I will send out an invite tomorrow unless I hear back otherwise. Thanks!

Hi Terry: I believe the last time someone on my staff may have communicated with you on this project was in September, 2016 (Bruce Suchomel). If you prefer, I'd be happy to provide you the same information I left with Scott in my voicemail about the purpose of this call before scheduling it. We would like our attorney, Kimi Matsumoto, who is also our resident ESA expert, on the call with us, and would welcome similar participation by someone in your Solicitor's Office.

My staff and I have good availability into mid-December. I look forward to hearing from you.

Sincerely,

Douglas Minter
