Hi Shaun,
I sent Betsy the document that lays out for each state (CO, MT, ND and WY) their comments on CPP, CWR and any hot topics. I thought it would behoove you to know that this information was sent in a totally different format to HQ. They did not get the document that you have, but rather were sent the hot topics separately about a week ago, requested CPP comments in a table format earlier today, and CWR comments were sent separately. Again, you have all of these items combined in one document, by state. In case it might be helpful for you to see what was submitted to HQ, I attached the 3 separate documents above, as well as your combined one.

Thanks,
Rebecca
