I want to make sure you have seen these emails and will call you. I will also send one more from Rob Stites as Ms. Henderson stopped by the office on Friday and was able to talk with Rob in Superfund. Johanna

Sorry Victor? I didn't copy you. So I will be in on Monday, Tuesday morning, Wednesday afternoon and then out til 7/7. It seems if her concern is mostly the new mine then it is likely she should speak with OPRA.

Thx. FYI, I'm out on Monday.

If you or Darcy want to meet with her, please do.

Subject: Call concerning the abandoned uranium mines near Edgemont, SD

I talked to Susan Henderson (her phone number is Ex. 6 Personal Privacy (PP) from South Dakota concerning the Superfund Site Investigation at the Darrow, Freezeout, Triangle abandoned uranium mines near Edgemont, SD. These are the abandoned uranium mines located within the proposed Dewey Burdock insitu uranium recovery project.

Ms. Henderson had called the regional administrator's office today, hoping to meet with Shaun McGrath today to discuss the abandoned uranium mines as well as her concerns about the proposed insitu recovery project. I told her I would be in South Dakota next week and could meet with her on Tuesday to discuss the Superfund Site Investigation of the abandoned uranium mines. She accepted this offer and I will contact her to arrange a meeting with her when I arrive in SD on Monday.

Ms. Henderson ended the call with her saying that she would call Betsy V. to see if she get an appointment with Shaun for next Monday (6/22/15).

Victor Ketellapper, Team Leader
EPA Region 8, Superfund Site Assessment Program
