Arkwood Site Omaha, AR 3/5/2014
Call S. Izhane from Harrison - will proceed to Omaha.
Expect S. Mescher + EPA at site 1PM.
Drive to Omaha schools + see perspective of school.
Drive to Old Cricket spring - MM. take photos - Spring comes from culvert and ends at a pond. Overflow from pad goes under entrance road to spring and dry N roadside ditch.
1230 - ~~Mat~~ drive down road + observe rock exposures + drainage -
1300 - return to site gate - new sign - lists S. Izhane as RPM, EPA
1310
March 5, 2014 ARKWOOD SITE VISIT

JEAN MESCHER McKESSON 608-848-4134

Grant Kneebone ADEQ Haz Waste.

Tom Aley Ozark Underground Lab 417-785-4289
taley@ozarkundergroundlab.com

Douglas Ritchie ADEQ 501-682-0533

Mark Moix ADEQ 501-682-0852

Dianna Kilburn ADEQ 501-682-0844
Deana Crumbling USEPA SF HQ 703-603-0643 crumbling.deana@epa.gov
1315 - start -
Tom Aley - dye test - see handouts - moved through is short pulses.

Jean - continue to sample 1/mo. until get system operational consistently at 1 ppb.
Deana arrives 1405
Jean covers site history - see handout.
Sampling - not sample under the cap + sample the top of the cap -
∴ homogeneous so fewer samples.
Gloria - EPA discussed the deed restriction w/ McKesson this week.
