Thanks Douglas – I closed the loop with Nancy (HQ) on this. She confirmed that our funding is set for now.

Hi Cynthia: my apologies for looping you into this effort earlier this week. I had forgotten that it is entirely funded by OGWDW so there is no fiscal action needed on our/your part.

Douglas,
I spoke with Nancy this morning. The money (provided by the OGWDW IO) has been moved into WA 3-96 (from WA 3-32). We moved $76K for now and will move a remaining amount when we receive the Work plan and budget back from Cadmus with a set/final amount. A PR from Region 8 is not necessary.

No additional actions of Region 8 are needed at this time. We will wait for CPOD to approve the WA and send it to the Contractor.

Thank you for your patience and understanding – given Nancy's workload and responsibilities at the end of one/beginning of another Fiscal Year, and the challenges associated with the volume of WA's she and CPOD are managing on this Contract.

Regards,
Molly

Hi Molly: Could you remind us how we proceed with securing OGWDW funds to process this paperwork on Cadmus contract support for Dewey Burdock?

I have highlighted the amount below and included Bruce's communication with Nancy.

Thanks,

Douglas

Nancy Parrotta mentioned the need for the PR and only provided the information that I show below. Nancy did not mention using OGWDW funds.

Cynthia,

FYI, we request for a PR to go to Angela Lower (contracting officer with CPOD) with a "cc" to Nancy Parrotta (COR with OGWDW). Please label it Cadmus (EP-C-15-022, WA 3-96) so that it can be allocated properly.
Thank you.

Douglas,
What money should we use for the Dewey-Burdock Cadmus Work Assignment? I would like to check with TFS for a Purchase Request – our attached IGCE estimates the total at **$76,681.98.**

Funding needed from late October (a "soon to happen start date") through December 31, 2019 (will most likely go into FY20).
