Hi Lynne,
Stan Michals replied back saying I could give him a call to schedule time with him to talk about DB wildlife survey next week. I will call him tomorrow to set up a time. What days would work for you next week?
Thanks!

Valois

Hi Valois,
I left you a voice message regarding my availability for a thoughtful discussion of GF&P comments to the Dewey Burdock injection well permit. Please be free to call to set up a date and an agenda; I will be in the office tomorrow and Friday 9-530 (Mt Time) .

Hi Stan,
I hope I already said this, but I really appreciate the time you took to provide comments during the Dewey-Burdock comment period. Your comments have been really helpful.
We are delving into our ESA work now. It would be really helpful if we could talk with you about the Dewey-Burdock wildlife survey and get your thoughts on a number of topics.
Would you be available next week to have a call? If not next week, how about the following week?
Thanks!

Valois
