Thanks – we now have a venue for each location, is it possible to set dates? Some of these places book up quickly once the weather gets cold and so far they aren't holding anything for us. I feel like the date of the hearing is the first thing law enforcement is going to ask me too.

Yes. Sorry about that. Here is the updated information.

During our briefing with Darcy yesterday, Elyana Sutin reminded us that we will probably need to arrange for security at each location. Sorry to add to the list of work. Is this something you have done before? I guess ask each venue contact how security would be arranged through the local police department? Maybe they have a contact at the police department. I ran into this only once before & we paid the local police department to have a policeman on site during our hearing.
Thanks
Valois

Valois,

The venue information listed for Rapid City is the same as for Edgemont...is this a mistake?
