Your ability to work calendar magic is amazing! I think all should be good if Palmer can be there and Rick is on the phone.

I apologize for the lack of options. I explained to Nastri that of the 27th and 28th options that we have while they are all in town that the probability of getting everyone into the meeting would be tough. The Deputy was requested on this one too and although we will try to accommodate it, Perciasepe is not in house on the 27th and is basically booked on the 28th. So I am hoping that we can find at least a skeleton crew to host this gig with from EPA.

Don: Thanks for the update. I am on travel to RPT on Thursday, 2/28 and will not be able to participate in the meeting with Nastri et al. I'm hoping that Palmer and Rick are available for the meeting.

Palmer, I was on the road when I got your message. Hopefully you got Jeff's message before showing up tonight. I am having to recreate the meetings in Outlook in order for them to work

correctly and with everything else going on there are just not enough hours in a day lately.

I have confirmed with Nastri and group (Alaskan Native Tribes) that we are set for 4:00 pm on the 28th. I am sending out an invite now. Everyone can chime in on who else needs to be involved and I will add as we confirm.

Don:

Have we canceled today's BB weekly? I don't think we have any agenda items?

Also – is there a meeting with Bristol Bay tribes set up with Bob P and Bob S for 2/28 at 4 PM? Just wondering if I should put that on my calendar.

Thanks, Palmer
