Hello Nancy,

I've put together drafts of documents that will soon become our procurement package. Molly has provided initial comments (thanks Molly!), particularly on the PWS, and we rewrote it with those comments in mind.
I'm hoping that you can find some time to provide any comments which may assist us in our efforts. I am out conducting UIC inspections next week (June 19-23), so there is no rush. If you are able to provide comments by the end of the week, I will address them and work on moving this package forward the following week.

I also sent the QA forms (not included here) to our Regional QA team for their review.

I attached the following:
PWS for our Work Assignment
CBI Review
Immediate Start Memo
IGCE
COR Appt Memo (signed)
CPOD WA Review Checklist

If you have some time I would like to know your thoughts and whether you have any comments, plus next steps.
Thanks!
