Dania and Victor – I used the word version so I could use track changes. I have a fair number of comments so please let me know if you have any questions. I want to be really clear on what we know and what we don't know and why we want to collect additional information.

Looks good to me! Victor—should we put into fact sheet and then send to Johanna for review?

I ended up rewriting the fact sheet for the DFT PA to reflect that the PA was completed (attached) . I have attached the text. Could you review to make sure it reads well and is accurate. After we get the text finalized, we can put it in the fact sheet format and include contact info and photos.
