Hi Marion and Shanta,

As promised, attached is the current draft decision memo. I have pieced a lot together from past assessments and the drafts I have; however, there are several places that will need to be updated and/or confirmed when we get the assessments from HED/EFED/BEAD. Sections highlighted in yellow need a second look. The labeling/mitigation still needs work as well.

Things to think about as you review are:

- **Ex. 5 Deliberative Process (DP)**
-

I know it still needs a bunch of work. However, any thoughts on how/where to address issues left out would be greatly appreciated.
Thanks.
Debra
