Shanta,

The revised labels are attached. AgLogic had one question on the statement on the 87895-7 label "This labeling expires on April 30, 2023 and must not be used or distributed after this date." What happens to product that is labeled as expired on April 30, 2023 if the registration is renewed.

Ann

Good Morning,

Please see the attached comments that have been added to the label for EPA Reg. No. 87895-T. The subject line references 87895-4, but since the comments would be identical, we are requesting you apply the comments made in 87895-T to the appropriate sections in the supplemental label for 87895-4.

Please do not hesitate to contact us if you have any questions.
