That works for me. I know I would appreciate some more eyes on that section and since you worked on it, you seem to be the most logical choice.

That looks good from my recollection. I will have the aldicarb back to Jim tonight. Rick just sent me his DWA. I will try to finish tomorrow. I would like to briefly look over the changes to the napropamide DRA, if possible (concurrent with your review?).

Hi Steve,

I just wanted to touch base with you to make sure you are clear on what your tasks are and the timelines around those? Karen and I can talk with you for a few minutes today if that would help. Below is what I am tracking.

1. Aldicarb DWA – see previous email on my understanding. Jim is out this Thurs-Monday and then again starting 12/3, so having your review to him before he leave for Dec would be ideal.
2. Napropamide DWA – Rick is suppose to give you a copy to review by COB today. I'm hoping that since you have worked closely with him and reviewed the DRA that your review will go quickly, but see note below
3. Napropamide DRA – in light of **Ex. 5 Deliberative Process (DP)** do you think you need to review the DRA again?
4. Fluazy DWA – you will have a copy waiting for you Monday morning. Need to review by the 3rd.
5. Nicarbazin DRA – at panel now, review back not until Tues?, you will need to make reviews before you leave. Since we need to sign in Dec, I would need to sign for you.

Karen, Steve - Am I missing anything major?

Amy
