Hi,

As we prepare for the aldicarb meeting this week, considering the feedback from folks, I took at stab at the slides as well. I placed my suggested slides after the last revision so you could see what I changed. See slides 15 and 17. We will need to have these slides ready for the team meeting tomorrow morning as we can go over the slide set as a group

Let me know if you have questions or concerns on the revised slides.

Thanks,
Amy

Hi,

While I agree that Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Thoughts?

Hi everyone,

Two major comments on the new slides.

First, Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) The information on slides 14, 15, and 16 isn't really useful information.

I know you're tired of hearing it, but after seeing the notes floating around today such as the one from our senior EPA ag advisor, I would strongly suggest that Ex. 5 Deliberative Process (DP). Ex. 5 Attorney Client (AC)

Ex. 5 Attorney Client (AC)

Ex. 5 Attorney Client (AC) Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Sorry for the continued pontification.

Hi Team,

The briefing for the DDs is scheduled for Wednesday 11/18/20. And there is a push to schedule a meeting/briefing with Alex D. before Thanksgiving.

Based on the last team meetings and discussions with the registrant, I have added some new slides to the deck in an attempt to capture and summarize our results from what was proposed, the refinements, as well as some of the policy shifts that seem to have been used for other chemicals (i.e., methomyl). Please take a look to make sure that I haven't taken anything out of context with the numbers and inputs used to reach those results.

Many of the new slides are still rough, but please feel free to add comments and suggestions if you think there may be a better way to present a slide or the story. A link to the slides is provided below for your convenience. Thank you!
