We can confirm that our understanding of DWLOC calculation is in line with HEDs methods and point it out to RD today. I attached a local copy the presentation that Debra Rate uploaded to the folder an hour ago in the hope that you can access it.

I had the same issue with my VPN today, rebooting my laptop seemed to have fixed it. Otherwise uninstalling and reinstalling the pulse VPN client has worked for me in the past.

Thanks for checking in. I have a conflict and can't attend this one, but Karen will also be there.

I can't connect to VPN without losing internet so I couldn't check the site, but that reads about right to me.

Hi,

As a follow-up to the weekly check-in meeting yesterday. At the meeting yesterday, a comment was made by RD regarding Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

At this point, RD is going to regroup and determine what else HED/EFED will need to do (Ex. 5 Deliberative Process (DP) Ex. 5 Deliberative Process (DP)).

Below is the link to RD's Debra Rate's OneDrive, which contains the last briefing slides and other materials
