Subject: Aldicarb Soil Incorporation Depth - BEAD's Recommendations

Hi Debra,

Please forward the attached recommendation (and the proposed label, as the recommendation does reference it) to EFED and/or HED for their modeling – we have added draft watermarking as the text has not gone through our product review panel, but the numbers we recommend will not change & we will include this text in a signed memo if our recommendations are used to inform the decision.

Thanks!
Jeana
