3. Discussion of timeline among analysts to complete a draft of document for PRP (and possibly beyond, submission to OGC, BCs and RD) (Lindsey, Jeana, and Rebeccah - 5 minutes)

Hi everyone,

I thought that it would be beneficial to schedule a aldicarb PCTn meeting, at least to work out the details and a timeline for completion. This is the earliest that we were all free. However, it does provide us time to review the registrant materials again and consider Monisha's questions below (from 4/15).

The agenda for the meeting could be a discussion of the first two questions. We are bounded tightly on either side of this meeting, so we will need to be efficient in the discussion.

As far as I know, the only label that was submitted from the registrant is the one from Sept 2019 (attached here).

Aldicarb team –

After some additional discussion between Matt and I today, we suggest adding the following to the current PCTn Assessment:

1. Ex. 5 Deliberative Process (DP)
2.
3. We should decide if it needs to go back through PRP. When is RD asking for the revised/signed memo? If soon, then let's try to get this moving asap.
4. Send OGC the revised document for review.

Let us know if you'd like to meet again to discuss any of this.

Monisha
