Forgot about Aldicarb. Let's provide collective comments on Monday. Does that seem reasonable?

I don't see my self getting to this today with the AA briefing. But I may be able to finish over the weekend. If you want to send what you have today, please do. I will let Katie know that I may have some additional comments on Monday?

Debra

Subject: Fenazaquin PID Review - Please Complete by December 10

Dear Fenazaquin RD team,

I have attached a link to a copy of the draft Fenazaquin Combined Work Plan and PID. Sections intended for your division's review along with guidelines for providing comments are provided below. Also listed below are a few sections we would like reviewed.

Please provide any feedback by **December 10**. If more time for review or discussion of comments is needed, please let me know.

Guidelines for review:

- Formatting and minor editorial corrections are not needed as the document will go through several rounds of review within PRD after team comment.
- Please focus on the accuracy of risk and use descriptions as PRD needs team input to ensure that our summaries are appropriate.
- Team members should notify me when they have completed their review, even if no comments were made.

Specific sections for review:

-
-

Ex. 6 Conference Code

-
-

Thank you!

Katie Atha
