Hi Rochelle – the flooding and sewage issues that we described last spring continue as before, and we are continuing our investigation of options. Please let us know if you would like to connect after today's meeting with the Senator's staff.

Best,
Meleah

Understood – trying to reach folks now. Did the Senator's office request the meeting? (And is this in Chicago or downstate?) Thanks -

Hi Rochelle - great to hear from you, thanks for reaching out. I'm sorry to report that the flooding and sewage issues continue in Centreville; the community got hit very hard in the recent bout of rains. I am connecting with other members of our team to coordinate an update for/with you, so will be in touch soon.

Best,
Meleah

It been some time since we last communicated so I just wanted to check-in with you. Any updates on the flooding issue in Metro East?

Thanks.
