Mark,

As we discussed, here are the materials sent by the folks representing the Centreville residents. There's also a February newspaper article about this low-income African-American community of Centreville which has persistent failures of its sewage infrastructure—leading to backups in residents' homes and yards, https://www.stltoday.com/news/local/illinois/a-plea-for-help-centreville-s-sewage-and-drainage-problems-pose-health-safety-risks/article_3d6d22c7-8c57-5d1a-8af3-a6e6ee6ea2ee.html.

Earth Justice reached out initially looking for more information on an EJ grant RFP related to COVID-19 because they felt there might be additional health threats if it turns out that COVID-19 spreads through raw sewage. Current flood season only exacerbates their concerns.

Thank you,
maryann

Subject: Centreville Materials

Kathy, Alan and Maryann,
Per our telephone conversation last week and per your request, please find attached a few materials that summarize the issues in Centreville. Of course, we can provide further information and clarification if needed after you have reviewed the materials.
