Subject: Invitation to Chemours Meeting
Attachments: Chemours proposed agenda for meeting with EPA.docx

Hi Beth and Mike,

Chemours has requested a meeting with EPA to present information to the Agency (see attached proposed agenda). This will be a listening meeting for EPA staff and select states. Since the Washington Works Chemours facility significantly impacted parts of Ohio, I wanted to extend a meeting invitation to you and others at OEPA who might be interested in attending. The meeting logistics are still being worked out but tentatively, it will be a half-day meeting, scheduled for either February 7 or 8, and the location set in Washington DC or via audio/video conference.

If interested, please reply to this email with all OEPA attendee name(s) and contact information. EPA will be providing Chemours with an attendees list in the next few days. Feel free to contact me if you have questions.

Thanks,
Kim
