Tommorow morning Gay Rosta
mud & Road Runoff
Describe the following:

- Describe the manufacturing process that used or generated the substance
- the waste stream that contained the substance
- the components

(C4)

wastewater ~~Treatment~~ Tank
machine Cooling ~~Tu~~
Equipment Cleaning
Metal Polishing
Alkaline Solution
Caustic
parts Cleaning
Sol oil
deburring machines
process waste tanks

wash rack
boiler blowout stripper
Cooling Tower

2PP11 sumps

Stripper slab tank
dye and water
steam slab
Chip compactor
paint booth
paint sludge
oil
aircraft manufac.
soap
oil (biodegradable)
wastewater
lime sludge
water base paint sludge

(C9)
