Jenny and Roger,

I am sending these documents just to you two to try to manage version control with edits. Please share with others as needed. The first word file is the DRAFT new section 13 a paragraph and the second is the DRAFT Model Water Treatment Plan Version 2. The PDF shows the rest of the section 13 subsections with the new numbering and the corrected cross references. For the first file, I was not sure how to refer to you to and wrote in "case manager" but think that is probably incorrect. Please review and make edits/comments then combine into single versions of the word files with edits. I can share those documents with Andrew. Please let me know if you have any comments or questions during your review. Thanks.

Kathy
