Attention: Mr. Minor Brooks Hibbs, Head
Waste Disposition Control Unit
Solid Waste Section

Dear Mr. Hibbs:

As you requested, this letter is to advise you when waste material, generated by an industry located in one of the twin plant operations will be transported into the States for proper disposal at Casmalia, California.

General Electric, Del Rio, will transport the following waste material generated at their Mexican facility beginning July, 1984.

Hazardous Waste Solid, N.O.S., NA9189

Total quantity is fifty-six (56) drums; DOT 17E Specification; and, all have been properly placarded, labelled and manifested for immediate transport by Why Wastewater?, Inc.

Please contact me if you have any questions or need additional information.

Very truly yours,

WHY WASTEWATER?, INC.

Why Wastewater?

November 12, 1984

General Electric Company

Del Rio, Texas 79940

Attention: Mr. Frank Ferreira

Dear Frank:

Enclosed are copies of the signed manifests for disposal of fifty-four (54) drums of hazardous waste solid, N.O.S., ORM-E, at Casmalia Resource Management in Casmalia, California. Please retain both the Texas and California Manifests in your permanent files.

Analyses of your waste trichloroethylene indicates a high enough percentage to justify reclamation. Once accepted by an approved reclaimer, we will forward the signed documentation to you indicating recycle and/or reuse.

Sorry, it took us so long to get these to you; coordinating all of the GE affiliates into one (1) load is something else. Wish they could all be as organized as you.

Please call if you have any questions or problems.

Thanks again.

Very truly yours,

Jack M. Wheatley
President

RECEIVED, subject to the classifications and tariffs in effect on the date of the issue of this Bill of Lading, the property described above in apparent good order, except as noted (contents and condition of contents of packages unknown), marked, consigned, and destined as indicated above which said carrier (the word carrier being understood throughout this contract as meaning any person or corporation in possession of the property under the contract) agrees to carry to its usual place of delivery at said destination, if on its route, otherwise to deliver to another carrier on the route to said destination. It is mutually agreed as to each carrier of all or any of, said property over all or any portion of said route to destination and as to each party at any time interested in all or any said property, that every service to be performed hereunder shall be subject to all the bill of lading terms and conditions in the governing classification on the date of shipment.
Shipper hereby certifies that he is familiar with all the bill of lading terms and conditions in the governing classification and the said terms and conditions are hereby agreed to by the shipper and accepted for himself and his assigns.

CERTIFICATION

This is to certify that the above-named materials are properly classified, described, packaged, marked and labeled, and are in proper condition for transportation according to the applicable regulations of the Department of Transportation and the U.S. Environmental Protection Agency
