Thanks for the feedback Jerry – we have an update on the State legislature and this topic on the agenda for the Feb 27 Task Force meeting. Let's pick up the rest of the discussion then.

Thanks!

Subject: RE: Legislative Funding of the SRRTTF

We do not believe that this is an appropriate ask of the legislature at this time. Codifying the SRRTTF is a large step with many implications. From a process standpoint, the SRRTTF should engage in a thorough, open discussion on this issue with all stakeholders present. This should include a discussion of any language that would go inside of draft legislation. Short of this, the Spokane Riverkeeper will not support the effort to codify the SRRTTF.

Subject: Legislative Funding of the SRRTTF

Ben & Lara – things are really moving fast in the legislature and we don't have time to wait between SRRTTF meetings for discussions and decisions. On that note, could you please forward the following message to the SRRTTF so I can keep everyone informed of our progress:

Regarding Legislative Funding of the SRRTTF

Dear SRRTTF Members:

As you are all aware, we have been working with our State legislators about continued legislative funding for the SRRTTF. In order for the funds to be included in the carry forward maintenance level of the operating budget, it was suggested that language be put into statute that codifies the SRRTTF. We are asking legislators to consider this option to simplify funding of the SRRTTF both now and into the future.

Please let me know if you have any questions regarding this task. If we are successful in having this bill considered, we will likely need members of the SRRTTF to weigh in support of this effort.

Thanks,

Doug
