Thanks Jamie. I don't think so.

I'm not sure if this requires any change in participation on our part but thought I'd share this so you're aware level of participation was discussed at NDA.

Subject: Call on AltEn tomorrow

Jamie.

FYI, I was in a meeting yesterday with our director about our certification regulations, and the topic of AltEn came up. Tammy Z mentioned there was a conference call tomorrow with us, NDEE and EPA, and the director asked to be provided basic information on that call so he was aware of it. I sent forwarded him the meeting invite that shows the people on your invite list, and mentioned NDEE added a couple of other program specialists, but no-one higher up on their administrative team that I was aware of.

Just wanted you to know in case you get a call or e-mail from either side of the discussion.
