Subject: RE: AltEn Land Application information

Thanks Dan – I couldn't remember who had this information so had just shot a note to Jeff E. trying to run down the contact.

I am sharing internally to see if we can run someone down to look at this.

Jamie

Subject: AltEn Land Application information

All,

This is the supporting information AltEN has submitted to support land application of the wet cake. In addition to the attached documents I received applications for 33 properties covering about 2,000 acres. Each application identifies specific details on the property (depth to groundwater, presence of streams, etc.) Please let me know if you have any questions or thoughts. Any input you can provide would be appreciated.

Thanks,

Daniel LeMaistre, PE
