Hi Tracy,
Thank you for sharing! Thursday morning at 9 or 930 would work. If that doesn't work, I can do anytime from 9-noon Friday. I'll likely have our new inspector Scott on the call with me (he has experience in this sector from EPA region 5). Please let me know if you have any questions.
Thank you,
Matt

Hi Matt,

Hope you are doing well. I left you a voicemail also regarding your email requesting Air District permits for Ex. 7A and Schnitzer Steel. Before you head out to the facilities for an inspection, you should be aware of some compliance concerns at Schnitzer.

Do you have time to chat this week? Perhaps Thursday? I can coordinate with our Engineering Director and Manager. Jeff is on vacation for the next four weeks and I'm covering him right now.

Subject: Auto shredders

Hi Juan and Jeff,

We are doing some inspections at auto shredders in our region and may want to inspect Ex. 7A and Schnitzer Steel (1101 Embarcadero West, Oakland, CA) in the next few months. We will, of course, invite your team on the inspections, if they happen. Could you email me the air permits for these so we can make an initial assessment if they meet our criteria? Please let me know if you have any questions.

Thank you,
Matt
