Hi Pam, thank you for taking the time with us yesterday. Attached are copies of all of the photos CARB staff took while at your facility. Given the size of the photos, this will probably come through with more than one email.

Best regards,
Jeff

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Thank you Scott,

We should be able to provide all of the requested information prior to July 31, 2019. I will be in contact if we need more time.

Sincerely,

Pamela Gray, REHS

Subject: [EXTERNAL] Requested Documents from EPA's July 23, 2019 Inspection

Hi Pam,

Thanks for taking the time to accommodate us on our inspection of the Schnitzer Oakland facility. As promised, I have included the list of documents requested during our inspection yesterday. Can you provide these documents to me by July 31, 2019?

- Safety Data Sheet (SDS) for Foam injected into the shredder.
- Air flow rate of shredder capture and control system (in cfm)
- Production Rate (in tons/hr)
- Copies of Air Testing Reports for all tests used for calculating emissions
- Daily Production Data, included hour of operation and tons of metal shredded (categorized by type of metal, e.g. autos or light iron) from January 1, 2018 to the date of the inspection.

Additionally I will send you the inspection report when it is finalized no later than 60 days from the date of the inspection. Please don't hesitate to contact me if you have any questions or need any clarifications.
