Edison NJ 08837

Dear Ms. Stargen:

Re: Jewett White Lead/Sedutto site.

Please note that I am in favor of Alternative 2: Excavation and Off-Site Treatment/Disposal with reference to the above mentioned site.

This contaminated property must be dealt with in this manner to insure that we never have to deal with this particular lead issue ever again at this site.

Thank you.

Yours truly,

Edna J Cirignano
