Robert – Any major red flags from NPCD's court on Linda's proposed changes? Please advise early this afternoon, if you can.

Thanks much,
Alison

Hi Susanna and Alison,

I added a little content to the Q/A #10 and cleaned up both documents, accepting changes and removing marginal comments that have already been resolved. I've kept marginal comments that have to do with policy issues that need to get resolved.

Can you get me any additional changes to these by Noon Monday so I can send on the whole coms package to Alex? Thanks.

Thanks, Linda

Hi All- Sending the revised internal Q&As with OECA's slight edit to the enforcement Q.

Added "TSCA §16," to that answer-- that's it.

As promised. . .

Note, OECA has not responded on the enforcement Q&A. For the time being, I've the answered verbatim from the draft preamble. We don't have anything to add to the tick tock. . .reaching out to ADAO as Alex has done in the past may be fruitful (or not), but I leave that to her.

Importance: High

We will be sending up shortly the NPCD-approved and OGC reviewed comms so they can be included in Alex's weekend packet. We have some minor suggestions to Cheryl's web edits (OGC flagged a couple things too). Thank you Cheryl for jumping in—it's very much appreciated!

Linda already did the tic toc and has the pen on the press release, so it's just going to be the internal Q&As and suggestions for the web edits. As discussed, we are not planning to send the FRN up until Monday (along with the response to comments) so that we can re-read for flow and clarity. We didn't get comments on the response to comments from the principals but will be making it consistent with the FRN.
