Question 2, 5, 7, 8

2a) The work was only being done to try to eliminate shade along our existing field. We have been doing this every five or ten years since we first bought it. We were definitely not trying to gain any additional farm ground.

2)b The job was started the first week of November. I don't have the exact dates.

2(c d e) I don't have a specific answer.

7) I would guess about 1000 ft of shoreline and debri were pushed but thought it was only back to original line. Not to gain anymore

8) The work was done with a D-6 dozer operated by a fellow farmer – Allan Eschmann

Linda,

I checked 5 U.S.C. § 552(b)(6) cypress tree planting this AM for his CW compliance. He has planted the 44 cypress tree seedlings. Is there anything else that you need for this?

5 U.S.C. § 552(b)(6)
[redacted]

Dear 5 U.S.C. § 552(b)(6):

On May 9, 2013 we were notified that the State Executive Director Scherrie V. Giamanco and NRCS State Conservationist Ivan Dozier concurred with the Monroe County Committee's determination to approve good faith relief on the violation of the Conservation Compliance provisions as a result of converting wetlands on 5 U.S.C. § 552(b)(6).

According to Handbook 6-CP (Rev. 4) paragraph 631A, an approved restoration or mitigation plan must be signed and approved before eligibility is reinstated. Based on the AD-1069 you agreed to and signed the mitigation agreement on March 15, 2013.

According to the mitigation plan you were to begin planting as soon as the ground can be worked in late winter or spring and **complete by May 15, 2013**. Therefore, please stop by the office to confirm that required actions have been completed and to complete a new Highly Erodible Land Conservation (HELC) and Wetland Conservation (WC) Certification, AD-1026.

If you have any questions regarding this matter please stop by the office or contact us at (618) 939-6181 extension 2.

Sincerely,

Linda Mathews
County Executive Director

SUBJECT : WC Violation- Good Faith Relief and NRCS Technical Concurrence
5 U.S.C. § 552(b)(6) [redacted]

State Executive Director Scherrie V. Giamanco concurred with the Monroe County Committee's determination to approve good faith relief for the subject producers. The subject producers were determined to be in violation of the Conservation Compliance provisions as a result of converting wetlands on [redacted].

NRCS State Conservationist Ivan Dozier notified this office that he concurs with the NRCS technical determinations. A copy of that concurrence is attached for your files.

According to Handbook 6-CP (Rev. 4) paragraph 631A, an approved restoration or mitigation plan must be signed and approved before eligibility is reinstated. Please ensure that Part D of the AD-1069 has been completed by NRCS personnel indicating the subject producers have agreed to and signed the restoration/mitigation agreements.

Follow the instructions in Handbook 6-CP, paragraph 305 for obtaining a new AD-1026 and paragraph 641 for updating the producer's eligibility file. If the producer is a multi-county producer, notify the applicable County Offices of the reinstatement of program eligibility.

Notify the subject producers immediately of the County Committee's and State Executive Director's determination to approve good faith relief and the State Conservationist's technical concurrence. Also ensure they understand reinstating eligibility for WC violators approved for relief under the good faith exemption becomes effective only when they sign an approved conservation and mitigation plan, as applicable.

If you have any questions, please contact the STO-CEPD. Also, notify them that you have received this memorandum so the STO files may be closed on this situation.

NOTE: The following statement is made in accordance with the Privacy Act of 1974 (5 USC 552a - as amended). The authority for requesting the information identified on this form is 7 CFR Part 12 and the Food, Security Act of 1985 as amended. The information will be used to determine eligibility for program benefits. The information collected on this form may be disclosed to other Federal, State, Local government agencies, Tribal agencies, and nongovernmental entities that have been authorized access to the information by statute or regulation and/or as described in applicable Routine Uses identified in the System of Records Notice for USDA/FSA-2, Farm Records File (Automated). Providing the requested information is voluntary. However, failure to furnish the requested information will result in a determination of ineligibility for program benefits.

This information collection is exempted from the Paperwork Reduction Act, as it is required for administration of The Food, Conservation, and Energy Act of 2008 (see Pub. L. 110-246) Title II, Subtitle J -- Miscellaneous Conservation Provisions. The provisions of appropriate criminal and civil fraud, privacy, and other statutes may be applicable to the information provided. COMPLETE PART A AND RETURN THIS FORM TO YOUR LOCAL FSA OFFICE.

PART A - PRODUCER'S REQUEST
