FIRST AID

Contains an organophosphate that inhibits cholinesterase.
If Swallowed: Call a poison control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
If on Skin or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center for treatment advice.
If in Eyes: Hold open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses after 5 minutes, the continue rinsing eye. Call a poison control center for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information (including health concers, medical emergencies or pesticide incidences) you may call 1-800-275-1414 [1-800-234-2269] [1-800-781-4738], weekdays 9 am to 5 pm E.S.T.

Note to Physician
This product contains an organophosphate and may cause cholinesterase inhibition. Cholinergic symptoms may include: salivation, miosis, incoordination, muscle fasciculation and/or weakness, vomiting, and diarrhea. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine. Call 1-800-275-1414 [1-800-234-2269] [1-800-781-4738] or your local poison control center for further information.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Restrictions: Do not use on kittens under 12 weeks of age weighing less than 5 lbs. Do not unroll collar until ready to use. Do not use this product on animals simultaneously or within 30 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides or chemicals. Do not replace this collar earlier than 3 months.

This collar is intended for use only as an insecticide.

*{**Note to Reviewer**: text in braces {} is for informational purposes and will not appear on the label. Text in brackets [] is optional, and may or may not appear on the end use label. Text in parentheses () will appear on the end use label.}*

Precautions: Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant and nursing animals. Sensitivity may occur after using ANY pesticide product for pets. Some animals may become irritated by any collar if it is applied too tightly. If irritation continues, remove collar from the animal. If signs of sensitivity occur, remove the collar and bathe your pet with mild soap and rinse with large amounts of water. If signs continue consult a veterinarian.

Application Instructions:
Remove collar from package, unroll and stretch to activate insecticide generator.
Place the collar around the cat's neck, adjust for proper fit and buckle in place. The collar must be worn loosely to allow for growth of the cat and to permit collar to move about neck. A proper fitted collar is one that fastened will snugly slide over the cat's head. Leave 2 to 3 inches on the collar for extra adjustment and cut off and dispose of the extra length.

For continuous flea protection, replace the collar every 3 [three] months. Ticks may be an occasional problem for cats. The collar will kill ticks including the deer tick, which may carry Lyme disease, for 3 [three] months and continue to aid in their control an additional 30 days. The cat should be examined from time to time and collar replaced when mature tick or flea populations begin to appear. However, do not replace this collar earlier than 3 months.

Wetting will not impair the collar's effectiveness or pet's protection. If the cat is out and in the rain it is not necessary to remove the collar. The collar may be worn with a regular collar.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.
Pesticide Storage: Store in a cool, dry (preferably locked) place that is inaccessible to children and animals.
Pesticide Disposal: If Empty: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available.
If partially filled, call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

For more information call our flea and tick experts at [1-800-275-1414] [1-800-234-2269] [1-800-781-4738], weekdays 9 am to 5pm E.S.T.

NOTICE: This product contains a chemical known to the State of California to cause cancer.
