Subject: project updates

Kimberly,

Good morning. Please see below for a couple of project updates as discussed yesterday. Please let me know if you have any questions. Thank you.

Tim

1. PIPs exemption – Derek and Whitney think they can have a revised EA completed by COB Tuesday (6/2) for our review and the workgroup. It's fast work but they want to try to be on track with the rest of the rule package. The tricky part is keeping up with any language changes in the reg text and preamble. According to BPPD, they planned to have the reg text completed for review yesterday and the preamble by the end of the week.

2. triazines – During the BEAD team huddle yesterday, they completed a schedule which has the signed response to comment to PRD by 8/7 which seems to be consistent with the PRD schedule. They will communicate this to PRD.

3. TCVP – I thought you would be interested to see the most recent residential risk numbers and Hartz commitment letter (send by Kelly Lowe and Trish yesterday afternoon). See attached.

4. Ex. 5 DP / Ex. 6 - Personal Privacy
