Subject: FW: Document review request for January POPRC meeting
Attachments: DP Risk Profile UNEP-POPS-POPRC.16-2.docx; UV-328 Proposal UNEP-POPS-POPRC.16-4.docx; UNEP-POPS-COP-CONVTEXT-D.En.pdf; FINAL.3.DechloranePlus.5bi.kk.Sept25.docx; UNEP-POPS-POPRC.15-3.DechloranePlus.docx

Hi Karissa,

I sent the request below to OPPT regarding technical review of the UV-328 listing proposal and the Dechlorane Plus risk profile for the POPRC meeting in January. Alison and I had a conversation today, and she said that OPPT would appreciate it if Carol Ann could reach out to Yvette to discuss.

I have to leave at 3:30 today, but please let me know if you want to talk about this tomorrow or Monday.

Thanks, Laura

Subject: Document review request for January POPRC meeting

Hi Alison,

I was wondering if OPPT could help with technical review of two documents in particular for the POPRC meeting taking place online the week of January 11. One is the risk profile for Dechlorane Plus (file DP Risk Profile UNEP-POPS-POPRC.16-2) and one is a listing proposal for UV-328, a UV absorber (file UV-328 Proposal UNEP-POPS-POPRC.16-4). I have attached the two documents, along with the Annex D screening criteria for the proposal.

Ex. 5 Deliberative Process (DP)

Thanks, Laura
