Hi,

In keeping with how we Regional Planners remind others who enter bowling chart metrics, I'm sending you this series of 'meeting-less' calendar reminder instead of emails. Mayra is on detail until December, and in the meantime, I'm filling in and look forward to working with you.

Here is a regular friendly reminder. By the 6th, please send me the Twitter Engagement Rate Improvement monthly result, with numerator and denominator. When the 6th falls on a holiday or weekend it'll be due the following business day.

Thank you,
Greg
