Subject: Asbestos Draft RE and Associated Documents for OCSPP IO Review

All (and please pass on to any others who may need this):

For the OCSPP IO review of the draft asbestos RE, attached are the following:

1. Risk Evaluation (clean version with risk determination, most comments from OGC/OPPT IO addressed)
2. P/chem data evaluation supplemental file
3. Env fate data evaluation supplemental file

4. Engineering data evaluation (release/occupation common sources)
5. Engineering data evaluation (industry supplied information)
6. Exposure data evaluation supplemental file
7. Exposure data extraction supplemental file
8. Eco data evaluation supplemental file
9. Health data evaluation and data extraction supplemental file
10. Fact sheet
11. Charge questions

Things we still have to work on:

a. Finalize the Word formatting for consistency and appropriate linking
b. Review for content consistency/redundancies
c. Heroize the document.

We will send this forward to the Team and to NPCD as well.....

Happy Reading,

Andrea and Gino
