LTR #124

Mr. Veneroso,

I am listing the information you have requested on the products that we still have information on. Osha sheets are also included, on products # AS1004, AE4304, and HD3404.

	DOT PROPER SHIPPIN NAME	DOT HAZARD CLASSIFICATION	FLASH POINT	IATA ARTICLE #
AS 1004 (Hysol 10-001 Part A)	Plastic liquid NO.1	Not restricted	470°F (COC)	Not restricted
AS1004 (Hysol 10-001 Part B)	"	"	140°C (TOC)	"
*HD 3404	Alkaline corrosive liquid NO.5	Alk.corrosive Liquid, No.5	290°F (COC)	56
*AE4304	Plastic liquid NO.1	Not restricted	500°F	Not restricted

QPL 1803

DPM 3243-1

*On your list it says Hardener, #4304; we do not have a hardener by that number. Perhaps the numbers were transposed, so I listed our hardener #3404 and another product with the number 4304 as listed on your sheet.

I trust that this will help you.

Sincerely,

Victoria Harvey

Victoria Harvey
