Jeff,

Thank you for your note. Your understanding is correct. EPA management is currently reviewing the letter regarding the proposed revisions. We hope to send it to the City by the end of the week.

Please let me know if you have any other questions or comments.

Best,

Marcela

Subject: RE: City of Lompoc's proposed Summary of Proposed Pre-Treatment Program and SUO Changes

Hello Marcela -- I am following up after our February 4 call regarding the EPA's attached letter. The letter disapproves certain portions of the Summary document Lompoc submitted pursuant to Paragraph 36 of the AOC, and seeks more information regarding other portions. Lompoc and EPA discussed those "other portions" in a call on February 4, but Lompoc has not received EPA's decision whether to disapprove them. My understanding as to the next steps after the call was EPA would be sending Lompoc a further letter, disapproving certain of those other portions. Within 60 days after receiving that further letter, Lompoc can then submit one revised Summary document to EPA that corrects/removes all of the disapproved portions, pursuant to AOC Paragraph 44.

Please confirm that is EPA's understanding as well.

Thank you,

Jeff Malawy
