This is the first of two known things for you today in the acting capacity.

Please take a look at the OA fact sheet below and see if there is a need to dust it off. Let Kristie know and cc me and Mindy please.

Thank you!

- Chesapeake Bay TMDL: We've already prepared a paper. I don't believe it is in Lee's book. Please review and update as necessary. The Bay program has already prepared a paper on funding.

Folks— stay tuned but we may have an extremely short turnaround on a few additional issue papers for the Administrator's hearing prep this morning.
If any of you are aware of existing Regional one-pagers on the topics I mention to Ann below, let me know. The format is the SAC one we used for the papers we completed last week (Bob or Kristie, please reply all with one of our samples). I'll do a quick caucus with the drafters as you start based on reviewing previous ones.
Thanks, Everyone!
John

Tim has been running point on this so I don't know what's in there. What I do know is the prep meeting is at 11a so there isn't much time this morning if any of these need to be produced.

Do we need to draft any of these in the next couple of hours or do all of these exist and Lee just wants you to compile them? Unless the Region has crafted them, I don't recall seeing one on 401/Millennium or OR OA (and not sure what currently exists for CBay). If we do have to draft these, what is the actual due time?
Thanks

Ann,

We need info for the Hearing Brief on the following

WOTUS General from any Republican

Richard Shelby – AL – Small Drinking Water Grants – Program Assistance
Lamar Alexander – TN – Conduit Theory
Roy Blunt – MO – Missouri Lakes WQS
Mitch McConnell – Conduit Theory
Steve Daines MT – 401 certification/ Millinium Port
Shelley Moore Capito – WV – Outstanding WV WQS determinations, PFAS/Gen X
Marco Rubio – FL - 404 Assumption , Harmful Algae Blooms, Hypoxia
Cindy Hyde - MS - Harmful Algae Blooms, Hypoxia

Tom Udall – NM – Oil & Gas study/beneficial reuse of water
Jeff Merkley – OR – All outstanding Oregon WQS issues, Ocean Acidification
Chris Van Hollen – MD – Chesapeake Bay – funding, TMDL, etc.

We need these first thing in the morning. Must be in the binders before we leave for the Infrastructure meeting.
