Subject: ESA Qs for today

Hi, I've a few quick items this am.

1) The water news letter that goes out very broadly is wanting to post the following paragraph. I have made edits. Can you confirm the edits or reedit? Thanks.
2) Will you be able to provide a draft of the ESA section for the 404(g) rule this week? If not when? We are getting pressure. Thanks.
3) Anything we need to discuss before talking to USFWS today? I never heard that anyone from the region wanted to join. Did you?

The paragraph:
